To the Township of North Frontenac:

The Owner/Agent hereby acknowledges that the issuance of a building permit and/or a general site review by the Building Department staff is not confirmation that all required zoning and property setbacks have been adhered to. This includes, but is not limited to, separation of structures to the high water mark, lot lines, septic systems and other structures. It is understood that it is the sole responsibility of the owner/agent to meet the zoning and property setback requirements and that the Township takes no responsibility should problems arise due to building placement.
