### Building Application Check List

#### *Farm Buildings*

##### **A Non-refundable deposit required with application**

If the purpose of the structure is to house livestock or manure, you will likely need to supply proof of the completion of a Nutrient Management strategy or plan from the Ministry of Agriculture and Food.

All buildings and structures to house livestock and manure must also meet the Minimum Distance Separation formula calculations (MDSII).

The Township's Zoning By-law is one of the laws that your proposed building will be reviewed against. In many circumstances (particularly with waterfront lots) a pre consultation with the Township's Planning and Building Departments can answer any questions you may have and avoid costly mistakes prior to construction.

The items in the list below may be required for a complete permit application. Upon review of the application, the Building Department may require further documentation or clarification.

1. A Complete Building Permit Application.
2. A Non-Refundable Deposit with Application
3. Permit fee. (Payment due when permit is picked up).
4. Copy of deed or tax bill.
5. Site plan including location of proposed building, septic, other buildings, lot lines, high water mark, etc.
6. Complete set of plans.
7. Setback Waiver.
8. Proposed Setbacks/Zoning form.
9. Copy of Minimum Distance Setback (MDS) calculation (Where Applicable).

#### **Notes:**

1. Permit card must be posted on site within view.
2. It is the sole responsibility of the applicant/owner to ensure that all inspections are completed.
3. 48 hours' notice is required for all inspections.
4. Hydro permit is required through Hydro One (1-877-372-7233)
5. **All permit applications must be complete and the non-refundable deposit received before we can review them.**

To the Township of North Frontenac:

The Owner/Agent hereby acknowledges that the issuance of a building permit and/or a general site review by the Building Department staff is not confirmation that all required zoning and property setbacks have been adhered to. This includes, but is not limited to, separation of structures to the high water mark, lot lines, septic systems and other structures. It is understood that it is the sole responsibility of the owner/agent to meet the zoning and property setback requirements and that the Township takes no responsibility should problems arise due to building placement.
