## Application for Consent Process

### Step 1: Pre Application Meeting with County Planners and Township Staff

A brief description of the proposed development, including a sketch showing the existing and proposed structures and setbacks, must be provided prior to the meeting to be reviewed by Planning Staff.

The required pre-Application meeting to discuss the proposed development with Township and County Planning Staff will be scheduled prior to an application being submitted.

### Step 2: Submission of Application for Review

The application/agent/purchaser shall submit an application to the Township's Planning Department, ensuring the following has been provided:

- Completed application form;
- Payment of the required fee(s) for the Township and agencies;
- Required sketch (refer to checklist);
- Any additional studies/reports identified in the pre-application meeting.

All registered owners must sign the application. If the application will be prepared and submitted by someone other than the registered owner(s), please specify the Agent.

Please note, if the applicant is the purchaser or the purchaser's agent, a copy of the portion of the agreement of purchase and sale that authorizes the purchaser to make the application in respect of the land that is the subject of the application.

One (1) original application form with required signatures, sketch and fee(s) are required. If sections of the application are not completed, the application will be deemed incomplete and not accepted.

### Step 3: Circulation of Application to Agencies

A Notice of Hearing, the required fees and the complete application will be provided to the required commenting Agencies (i.e. Conservation Authority, Septic Approval Authority). Technical comments will be required from the agencies prior to the application being deemed complete.

The Applicant(s)/Agent will receive notification from the Township when the application has been deemed complete, including instructions for posting required notice cards. The notice cards must be posted 14 days prior to the scheduled meeting and remain posted until the decision of the Committee becomes final.

#### **Step 4: Public Notice of Application**

Neighbouring properties within 60 metres of the subject property will receive a notification letter, including the Notice of Hearing, sketch and key map. Information about the application will be available to the public on the Township's website.

Any comments received from the public will also be provided to the Applicant(s)/Agent, as well as the Committee of Adjustment and County Planners.

#### **Step 5: Hearing of Application by Committee of Adjustment**

The County Planner's report and reports from outside agencies will be provided to the Applicant(s)/Agents. All reports will be included in the public agenda.

The application will be considered by the Committee of Adjustment at the scheduled meeting. The Applicant(s)/Agents are encouraged to attend the public meeting of the Committee and will have the opportunity to speak to the application, as well as answer questions at the meeting.

Members of the public will have the opportunity to provide comments to the Committee at the public meeting.

The Committee can approve, deny, or request deferral of the application at the scheduled meeting.

#### **Step 6: Notice of Decision and Appeal**

When the Committee has made a decision, a Notice of Decision will be provided to the Applicant/Agent within 15 days outlining any conditions and next steps.

There is a 20 day appeal period after the decision of the Committee. If an appeal is received, the Application will go before the Ontario Land Tribunal and the Applicant(s)/Agent will be notified. If no appeals are received within the 20 day period, the decision of the Committee of Adjustment is deemed final.

I have read and understand the Consent process and understand my role within it.

## **APPLICATION FOR CONSENT SUBMISSION CHECKLIST**

It is the responsibility of the applicant or agent to make sure the application is complete, accurate and clearly identifies the required variances. Staff are not permitted to complete the form. Failure to provide all of the required information may result in processing delays of the application.

### **Required Documents**

1. Complete application, including commissioned signature(s) and Agent Authorization Form (if required)
2. Township application fee
3. Agency fees
4. Detailed property sketch showing existing and proposed development
5. One (1) copy of Deed/Transfer of land showing name of current owner(s) and legal description of property (if available)
6. One (1) copy of an Ontario Land Surveyor survey (if available)
7. Septic inspection report (if available)
8. Required studies (i.e. Environment Impact Study, Slope Stability) as determined by the County Planners at the pre application meeting.

## REQUIRED SKETCH CHECKLIST

The site plan must be submitted including all the information contained in the checklist below. The plan should be colour coded as follows:

**RED** - Severed parcel(s) (unless the severed "parcel" is a right of way or easement only)

**GREEN** - Retained parcel(s)

**ORANGE** – Right of Way - all rights of ways or easements should be shown in orange only, even if it also represents the severed "parcel"

**BLUE** - Lot Addition - the lands to which the severed lot is being added.

It is important the sketches be drawn with accurate dimensions and measurement using either metric (metres) **OR** imperial (feet) units with the following included on the sketches:

- Boundaries and dimensions of property – the part that is to be severed and the part to be retained
- Boundaries and dimensions of any land owned by the owner of the subject land and that abuts the subject land
- Location, size and type of all existing and proposed buildings (including decks) and structures on property
- Distance of all buildings and structures from shoreline/high water mark, front yard lot line, rear yard lot line and both side yard lot lines; and proposed lot Lines
- Location of septic system and well, including setbacks to lot lines and structures; and proposed lot lines
- Approximate location of any natural or artificial features on the property and adjacent lands that may affect the application (i.e. lake, watercourses, wetlands, steep slopes)
- Location and name of any roads within or abutting the property (i.e. Road Allowance, Private Lane, Right-of-Way)
- Location of existing and proposed driveway on the property
- Location and nature of any easement affecting the subject property
- Current uses on adjacent lands (i.e. residential, vacant, etc.)
- Location of all land previously severed from the parcel originally acquired by the current owner(s) of subject land

Note: Please use the same measurement units (metric or imperial) throughout the application and on the sketch.

If you do not have a survey plan, a sketch to scale is required. It is very important the dimensions shown on the sketch and in the application are accurate. If you are unable to obtain accurate measurements, you should considered engaging the services of an Ontario Land Surveyor to either prepare the sketch or make preliminary calculations for you.
